Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

People who are financially secure live longer and healthier lives. They have the freedom and independence to pick what they want to do for a living, where they want to live and to create a financial legacy for their families and causes they support. Why do the majority of lottery winners, injury victims, professional athletes and people who receive an inheritance run through it all so quickly? A better question: How do you keep it from happening to you? How do you protect your retirement, injury settlement or inheritance in a way that will keep you financially secure for life? In his fourth book, best-selling author and financial guru Don McNay offers concrete solutions to those questions. McNay draws upon his internationally recognized expertise on what to do when you win the lottery and his 30 years experience as a structured settlement consultant to show people how money can provide them with happiness, security and peace of mind. Although McNay has a strong academic background with two master's degrees and four financial professional designations, the book is written in a style that everyone can grasp and understand. He breaks the book into five sections, based on the five rules of thumb that...
