Reviews

This pdf is so gripping and intriguing. I could comprehend almost everything using this composed ebook. You are going to like just how the article writer create this ebook.

(Miss Dakota Zulauf)

URBAN STREETScape DESIGN

Design Media Publishing Limited. Hardback. Book Condition: new. BRAND NEW, Urban Streetscape Design, Petra Funk, Streets are an important part of urban infrastructure. Streets are means of transport and connections to many places whether we walk, cycle use public transit or drive but they are also places in their own right, not just passages from one location to another. Streetscapes are the visual elements of a street including the road, open public spaces, the building fabric, trees, lighting, street furniture, signage and everything else that creates a street's identity. In other words, it's all that we see in the street - the complete scene. This volume includes chapters on the streetscape design, types and characteristics, streetscape elements and sustainable design followed by 33 projects from around the world.
